DESIGNED TO HELP **YOU** GET THE BEST OUT OF **YOUR** MANAGERS **AND** THE PEOPLE AND PROCESSES **THEY** MANAGE

Team Leader Training is a print-specific training course run by ViP engineers and BPIF Training. Now in its fifth year, we have successfully trained over 200 print and packaging team leaders.

➔ WHO IS IT FOR?

This modular, eight and a half day course is perfect for managers, supervisors and shift leaders directly responsible for operations within a printing or packaging organisation; including pre-press, printing, finishing, receiving, stores, despatch, customer services, accounts and administration.

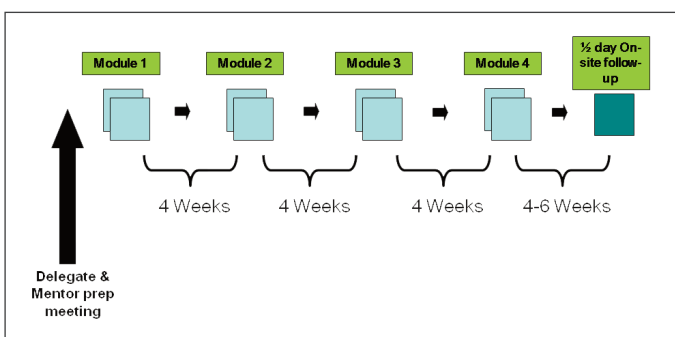

With around 10 participants from different companies, there is always a dynamic interaction, healthy challenge and networking all of which previous delegates have reported as being highly beneficial.

➔ WHAT IS THE COURSE ABOUT?

The course is made up of four modules of two days each, delivered over several months with a half-day follow up in your own company: a total of 8.5 days.

This modular approach ensures that the disruption to your company's operations is minimal and it allows consolidation of the learning, techniques and tactics for the manager in their place of work.
